It's so sad, instead of taking this as an example of how bad mining is to the environment, it is EPA's fault.

## Myrna Jamison

Project Officer

US EPA, Region 10

Emergency Management Program

206-553-2931 (Phone)

206-331-1092 (EPA Cell)

Sitting at PDX now to go to NM for 2 weeks. Should be lovely especially since the spill estimate went from 1 to 3 million gallons this AM and the NM governor called EPA "disgraceful" on the CBS evening news last night. Please look at your schedule and swap if you can. Thanks
